**BACKGROUND:**

East 86<sup>th</sup> Street North from North 145<sup>th</sup> East Avenue to North 161<sup>st</sup> East Avenue is a 2-lane secondary arterial roadway which is a heavily trafficked area that conveys residential and commercial traffic as well as commuter traffic to and from Owasso. The estimated project cost is \$20.5 million, which includes, engineering, land acquisition, utility relocation, and construction costs.

**FUNDING:**

The bridge replacement will be funded by the Capital Improvements Fund, Rogers County District #2 (Federal Funding), and the Cherokee Nation.

Roadway and Intersection improvements will solely be funded by the Capital Improvements Fund.

**RECOMMENDATION:**

Staff requests the Capital Improvements Committee submit a recommendation to the Owasso City Council to include the East 86<sup>th</sup> Street North Widening from North 145<sup>th</sup> East Avenue to North 161<sup>st</sup> East Avenue as a project eligible for the Capital Improvement Fund.
